

COMBO® Double Wall Cups

Castaway® Double Wall Insulcups® are the ultimate solution for protecting hands from hot coffee or tea. The insulating air pocket between two layers minimises heat transfer, making it suitable for any type of beverage.

Recyclable

Sustainably sourced paper

Printed with water based inks

Lids with Eco-Smart® biodegrading* technology

Australian made in HACCP certified facilities

Brand Builders® custom printing available

PRF0127

1000 per carton

*Eco-Smart® polystyrene lids, plates, bowls and cutlery have been shown to biodegrade 30.2% after 2.13 years, under conditions that simulate a wetter biologically active landfill, using the ASTM D5511 standard test. Note that a stated rate of degradation does not mean the product will continue to decompose. Testing continues on all Eco-Smart® products to track the rate of biodegradation. All data will be made available on our website: www.castawayfoodpackaging.com.au
