## Biodegradable\* Bakery Packs

EcoSmart<sup>®</sup> Biodegradable\* Bakery Range is designed to maximise shelf appeal and inspire impulse buying. The family of containers provides a strong, clear and functional solution for showcasing a variety of baked goods.

This family of products is made from recyclable P.E.T. and features the Eco-Smart<sup>®</sup> biodegrading\* additive creating an environmentally conscious packaging solution.

**Biodegradable\* in a modern landfill**  
to ASTM D5511 standards

**Recyclable P.E.T.**

**High clarity for excellent presentation**

**Ribbed construction for added strength**

**Combo-Pak<sup>®</sup> includes clear lids and black bases in the same carton**

**Australian made in HACCP accredited facilities**

Designed to fit

**BAKELS**  
pastry shells

\*Eco-Smart<sup>®</sup> polypropylene cups have been shown to biodegrade 10.8% after 164 days; Eco-Smart<sup>®</sup> lids, plates & bowls have been shown to biodegrade 24% after 216 days; Eco-Smart<sup>®</sup> Foam cups have been shown to biodegrade 28.85% after 80 days, under conditions that simulate a wetter biologically active landfill, using the ASTM D 5511 standard test. Note that a stated rate of degradation does not mean the product will continue to decompose. Testing continues on all Eco-Smart<sup>®</sup> products to track the rate of biodegradation.
