RediServe®

food trays & clams

Rediserve® paper food trays and clams feature a moisture and grease-proof coating, which helps prevent leaking bases and weakening sides from moist or fried foods.

The pre-assembled "boat-shaped" design has a low stack height providing more preparation space and quicker service in busy kitchens.

Made from white, food grade paper the range of trays and clams are available in ten sizes providing a portion control solution for either dine-in, or takeaway service.

PE lined to resist liquid and grease, strengthen the tray, and reduce the reliance on greaseproof paper

Pair your tray with one of our paper bags, for a complete takeaway solution

All RediServe® products are Australian made in HACCP accredited facilities

BRAND builders® custom printed packaging
