Double poly coated for extra strength

Range of sizes for portion control and multiple price points

Straw slot lids to prevent spills

Recyclable

LIDS: Ongoing biodegradation measured to ASTM D5511 standards*

Australian made in HACCP certified facilities

Build your brand by custom printing these products!

*Eco-Smart® polystyrene lids have been shown to biodegrade 24% after 216 days, under conditions that simulate a wetter biologically active landfill, using the ASTM D5511 standard test. Note that a stated rate of degradation does not mean the product will continue to decompose. Testing continues on all Eco-Smart® products to track the rate of biodegradation. All data will be made available on our website: www.castawayfoodpackaging.com.au
